SHADES OF GRAY EBOOKS 2019

Author: James A. Martin

Release Date: Expected @@expectedReleaseDate@@

The undercover operator is immersed in a gray world, a world where the lines between black and white, wrong and right, are never clearly defined. To be truly undercover, an operator must adapt to his dark environment, often crossing the line between what is legal and what is not in order to maintain the illusion he is one of the bad guys he is trying to take down. He is always in danger of plunging too deep into the darker shades of gray; some operators never make it back.

Follow James A. Martin as he recounts his undercover operations in vivid detail. Life among drug cartels, street gangs and two-bit dealers was fraught with danger, including the risk of being exposed as a cop at any moment. Each time you think he couldn't go further, he shocks the reader by going to new heights.
