## SHAKESPEARES ANSIGTER EBOOKS 2019

Author: Niels Brunse

Realese Date: Expected @@expectedReleaseDate@@

Shakespeares ansigter er en underholdende bog om personen William Shakespeare, baseret på hvad man rent faktisk ved om digteren. På grundlag af den nyeste faglitteratur betragter Niels Brunse hans personlighed ud fra de sociale roller, han tog på sig: sønnen, ægte- manden, elskereren, skuespilleren, forfatteren osv. Shakespeares værker omtales naturligvis også, men Brunse undgår helt bevidst at læse dem som Shakespeares selvbiografi. Resultatet er ikke en biografi i almindelig forstand, men en koncentreret skildring af Shakespeares sind, som det kommer til syne i de bevarede dokumenter og til en vis grad i de overleverede historier.
